ENTERED AT THE POST OFFICE AT EAST
WEYMOUTH, MASS., AS SECOND-CLASS
MATTER

FRIDAY, MAY 2, 1902.

Thomas W. Lawson worked two weeks
as a witness in the libel suit for \$1,000 a
day, but then his other salary went on
just the same.

It has generally been supposed from
the result of the engagement at Santiago
and Manila a few years ago and the large
expenditures which have been made that
the United States was the owner of a
navy of some value, but Chairman F. D.
of the House Naval Committee has
from day to day got this "comparatively few
of our ships have any real fighting value."

Several towns have passed notices in
regard to bicycle racing on sidewalks.
There are a few bicycle riders who know
what the right side of the road, the proper use
of sidewalks and many other things pertaining
to safety and good order, but a large
majority seem to have got the idea that
the lease or bill of sale of a wheel con-
veys with it a title to the whole earth."

We travel about town one of the
most pleasing and encouraging signs of
the time is the large amount of mother
earth which is being broken up for tillage.
There are patches of land both great and
small which for a long time have been
idle which are now being utilized and under
favorable conditions will yield good
crops and this is as it should be. As we
have often said Weymouth can feel a
good part of its people from its own soil.
Make the land pay for itself.

The first of May is here with "its birds
and flowers and things" and also with
the board of assessors with sharpened
pencil. The town meeting called for
about the usual appropriations and indica-
tions are that there will be no material
change in valuations. We are however
pleased to note one thing which ought
to make from 25 to 30 cents on a \$1000
in favor of the taxpayer. We publish
where the county tax and it will be seen
that Weymouth is about \$1,700 less than
last year.

Our representatives in the Legislature
have opportunity to do their constituents
some good. Seine fishing in Boston
harbor and Quincy bay have been de-
creed to open a pleasure and a
prohibited a masked fishing. Under
the guise of porpoise catching immediately
on the arrival of masked seiners have
immediately cleaned out the harbor. A
bill is now before the Legislature pro-
hibiting sealing in Narragansett bay and
there is no reason why it's provision
should not extend to other waters.

Superintendent Thomas goes to Ipswich.
A joint meeting of the school boards of
Ipswich, Essex, Haverhill, and Newbury-
port was held in Newburyport, for the
purpose of electing a school superinten-
dent. Mr. Tinker, chairman of the organ-
ization, presided, and George K. Knowlton
of Hamilton, secretary of the sub-com-
mittee appointed to interview applicants,
and make selections of candidates to be
presented to the meeting, reported that 32
had been received and classified according
to their experience or lack of experience.
After the gentlemen had been presented,
an informal ballot which was very scat-
tered, was taken. A discussion fol-
lowed, in which the two names moved down
to two candidates and when the final
ballot was taken, Andrew S. Thomas
was elected unanimously. He will enter
upon his work July 1.—Salem Observer.

Mr. Wolf Fries Dead.
The talented cellist died at his late
residence in Boston, Tuesday, April 29. He
was born in Germany nearly seventy-
eight years ago. His long obituary was
published in nearly all of the Boston
newspapers. Mr. Fries was of a very
genial disposition and was well known in
this town, especially among the musicians.
Lewis E. Tilden, who has been his
accompanist on the organ or piano for many
musical entertainments, seems to be a
particular favorite with the general public.
He has left a duplicate of his high grade
photograph, representing the eminent
musician while manipulating his favorite
instrument.

Old Colony League.
The last game of the season was rolled
at Braintree Friday night, the Commer-
cials taking two from Norfolk. White
and Chapman were high men, with 184,

The handicap roll-off was rolled Wednes-
day night between the ten highest
teams and the winners were: Tirrell 505, Clapp
499, Baker 477.

Team 3 took three from Team 1 Tues-
day night at the candle pins. Harrington
had the best single, 93, and Moore the
best total, 265. Totals: Team 3, 1179;
Team 1, 1069.

Eighty-three Years in America

Odd Fellows Observe the Anniversary of their Landing.

The date of the discovery of America
and who the discoverer was will always
be an open question. Much is due Colum-
bus and we honor his name and deeds as
an important factor in the discovery and
development of the new world and from
his day to the present, there have come
from these shores from the old world, indi-
vidual institutions and principles without
number; and among these the social and
beneficary order of Oddfellowship.

This institution has been shared
during the past half century in odd and
many ways, which is the result of the
growth and development of the odd
order. Many have sprung up as its rivals,
others have supplanted it and it stands to
day among the leading orders of its kind.

For the first few years of its citizen-
ship it had a fair amount of growth, but
in the latter twenties and thirties it, like
Masonry, came under the ban of the anti-
secret society workers and its growth was
slow.

In the early forties the pendulum swung
on the other way and the work took on
a new lease of life and began its phenome-
nal growth reaching East Weymouth
in 1855, when Creston Lodge, No. 84,
was organized with Warren W.
Barker, J. G. John P. Lovell, V. G. G.
Zachariah L. Blackwell, Sam. and Josiah
E. Bice, treas.

Crescent Lodge has gone through
several periods of prosperity and adversity
and small which for a long time have been
idle which are now being utilized and under
favorable conditions will yield good
crops and this is as it should be. As we
have often said Weymouth can feel a
good part of its people from its own soil.

Old Colony League.

The eightieth anniversary of Odd-
fellowship in America was fittingly ob-
served throughout the land on Monday
and Crescent Lodge was not behind the
rest.

A banquet, entertainment and dance
were arranged and Oddfellowship buildings
in East Weymouth have never had a more
successful affair. The committee of ar-
rangements were: Winslow M. Turrell,
F. E. T. Litchfield, Irving P. Louie,
and James B. French.

The banquet was advertised to take
place at 7 o'clock and before the half
of 400 members and guests had as-
sembled to join in the celebration. N.
G. E. T. Litchfield called the meeting to
order and a line of march was taken to
the banquet hall which was in charge of
Whittemore & Girard, caterers. The
tables presented a very attractive
appearance and all were gathered about
the board. Divine blessing was invoked by
Rev. J. H. Allen of the Methodist Church
and the following menu discussed:

Lobster **Chicken**
Cold Meats **Tongue** **Turkey**

FIVE DAYS FAIR.

G. A. R. - R. C. S. of V. L. A. S.

The above initials need little ex-
planation in Weymouth, they mean Grand
Army of the Republic, Women's Relief
Corp. of Veterans, and Ladies Aid
Society and these four organizations join
next week in a grand fair in aid of
the Weymouth Fair.

The fair will open Monday night and
in addition to talent already advertised,
there will be a male quartette with A. M.
Raymond, accompanist.

The fair will continue to, and include
Friday night, a new and distinct enter-
tainment will be given each night.

The ladies have put in a year of good
work and the several departments will be
well stocked with useful and fancy
articles.

The fair appeals to the people for a
good work and no doubt they will re-
spond with a liberal patronage.

Reserve tickets for sale at E. A. Davis
& Co., North Weymouth; Holden &
Sladen's, Weymouth Heights; W. C.
Earle's, East Weymouth; C. D. Harlow's,
Weymouth; Elbridge Nash's, South
Weymouth.

Annual May Party.

The annual May party of the Second
Universalist Society was held in Foggs
Opera House on Thursday evening, May
first. A very enjoyable concert was given
from 8 to 10 o'clock by the following talent:
Miss Adeline Barker, organist, contralto;
Miss Mabel Simmons, teacher; Miss
George Walker, soprano, and Mr. Harry
James, impersonator, were the leading
factors followed the banquet and the
several selections were highly enjoyed, as
was also the dance which followed.

ICE HOUSES IN RUINS.

Big Blaze and Heavy Loss.

On Monday just as they came back
from dinner, workmen at the late home
of Mrs. J. H. Clapp on Lake street dis-
covered the No. 2 ice house of J. F. & W.
H. Cushing to be on fire. An alarm was
immediately rung from Box 225, and
the fire department as well as neighbors
and friends were soon on the scene.

A high wind was raging at the time
and as it was evident that house No. 1 was
as well as other property was in danger,
Chief Fahey had a second alarm pulled in
at once to which the proper response was
made by apparatus from Wards 3 and 4.

The flying sparks soon found their way
to house No. 1, and it was in a few
minutes a blazing mass. Firemen worked
with heroic efforts but discovered that a
six-inch main could not supply the desired
quantity of water. Steamer 2 became
the chief source of water and the fire
was finally extinguished.

The fire was a great loss to the
people of the neighborhood.

**Eleventh Anniversary of Arbuthnott Assem-
bly, No. 18, Python Sisterhood.**

The members of Arbuthnott Assembly
No. 18, 111, were held in their eleventh
anniversary at Python Hall, on May 16,
1902. A short musical and liter-
ary program was given during the early
part of the evening by Miss Anna Bates,
Miss Fannie Bates, organist, contralto;
Miss Jessie Bates, piano, and Mrs. E. W.
Hart, reader and Hunt's orchestra.

Supper was served at 8:45 p.m. to about
125 guests. During the supper, refreshments
were served by the members of the
Sisterhood.

WEYMOUTH GAZETTE.
PUBLISHED EVERY FRIDAY BY THE
GAZETTE PUBLISHING COMPANY,
(Mass. Corporation.)
WEYMOUTH, - MASS.

Mr. B. H. HARRIS,
Manager and Editor.

REMOVED AT THE POST OFFICE AT WEYMOUTH
MASS., AS SECOND-CLASS MATTER.

FRIDAY, MAY 9, 1902.

If you have any fruit trees devote a
little time just now to hunting cater-
pillars.

The last election bill passes the House
to be engrossed and it is sincerely hoped
it will find a grave in the burying ground
of the Senate.

The work of a skilled engineer, a trained
hand and eye is being manifested in the
115 miles of road. The distance is a
long one to cover and the sum appropri-
ated is more too much but the improve-
ments are coming right along.

What is in a name? Gov. Jefferson
Davis of Arkansas was a southern nego-
tiator and statesman; that he should come
to Massachusetts and become a citizen of
the state. There are two reasons why
this should not be done: First, we have
troubles enough of our own and second
it is high time to call a halt on such nar-
row-spirited prejudices as are manifested in
the act.

Any person who criticizes the schools
of Weymouth ought first to familiarize
themselves with some facts in regard to
scholars who have passed through the
schools as well as those who have dropped
out. The Exchange is to be the more
severe than that of either Harvard or
Yale; yet four of our boy graduates
of the High school passed Technology
last year without conditions.

It would seem that the grim destroyer,
death, was removing brilliant authors as
fast as the world can afford to lose them,
and following Bret Harte and others,
Paul L. Ford, the author of many
pleasing works, is now at the point of
death by the hand of his assassin brother.
As the result of the shooting, he is now
out of the world, the will of the father of the two
boys, Paul, the bright but crippled author,
having received the lion's share of \$2,000.
00.

The setting apart of a week as old
home week is a recognition of one of the
finest of human sentiments. In these
days when commercialism threatens to
crowd pure sentiments from our hearts,
every step taken to deepen our love
for home and state should be encouraged.—
Rev. Frank C. Weeks, Brighton.

What is good for Brighton is not
good for Weymouth. The author of
nearly three hundred years of existence, many
of whom have gone out from among us to
reign no more. Many others have gone
out to try other fields and other associations
but still have a lingering affection
for "Old Home." Who will inaugurate a
movement to bring them back the last
week in July?

We read the following in one of our
exchanges this week and think it is good
enough to push along:

"The setting apart of a week as old
home week is a recognition of one of the
finest of human sentiments. In these
days when commercialism threatens to
crowd pure sentiments from our hearts,
every step taken to deepen our love
for home and state should be encouraged.—
Rev. Frank C. Weeks, Brighton.

Commander Whitcomb spoke of the past
of the Grand Army and of its home in
regard to the future, and I am sure
the next few years of the meeting will
be filled with "Abby" Bicknell, and a
quartet composed of Eugene Murphy, W.
H. Pratt, S. F. Pratt and Harry L. Bates
with A. M. Raymond, accompanist. Mr.
Bicknell sang "We are the Boys" and the
quartet joined in the chorus.

—When last Monday night, John Cascade was brought into the death chamber at Charlestown for electrocution, he knelt at the death chair and prayed. Next Sunday evening, at the Baptist Tabernacle, Boston, the Rev. Mr. Muller's Prayer at the Death Chair, or, When and How may Men Pray with Hope of Forgiveness? An hour of even- tual salvation and hope for all.

—The Slave University Jubilee Singers, of Raleigh, N. C., will sing negro hymns and plantation songs and medleys at the Weymouth Baptist Church a week from now. Main Street, Weymouth. These men who were slaves are earning money with which to educate themselves for usefulness in life; also the singers of superior merit, and a rare musical talent is to be expected.

FRIDAY, MAY 16, 1902.

The Fourth of July will soon be here, and then three new stars will shine in the field of blue on our National flag. These stars will shine for Oklahoma, Arizona, and New Mexico.

Uncle Sam was among the first to respond to the cry of the volcano sufferers, and the government vessels are now at the scene of destruction with supplies for the living and to bury the dead.

The selection has posted notices in regard to bicycle riding and now it's up to the officers as to whether pedestrians and those riding in carriages shall be protected from scorchers and sidewalk riders.

Thousands of people might have escaped the great calamity at St. Pierre had they heeded the warning, and those who ride bicycles on the sidewalks or go through public squares in Weymouth at a thirty-mile gait will do well to read and heed the notices just posted by the selectmen.

Regulations in this matter may be found in the rules of the Board of Health of this town. Vital statistics as published in the Town report each year show Weymouth to be among the most healthy towns of the state and by a cheerful compliance to sanitary regulations it may be continued so.

When there are thirty pairs on a yes and no vote in the House of Representatives, as there was on Thursday, it looks as though many members had got tired and gone home. Speaker Myers is working hard to bring the session to a close, but short calendar and a committee work seem to prevail.

The St. Louis Globe Democrat says: "One of the most intelligible things in the South is why meddlesome Tillman, of South Carolina, and Davis, of Arkansas, are picked out for senators and governors."

Well, Tillman and Davis are peculiar, and simply take their way to illustrate their peculiarities. The only safe thing in politics is to select men for offices whose peculiarities are along the right line.

The New England Consolidated Ice Co. has been chartered in New Jersey with a capital of \$100,000,000, and as far as the company is to do business in New England and went to New Jersey for its charter, no one supposed that \$10,000,000 in cash was, or ever will, be put up. It is hoped that some day Congress will pass a National Corporation act which will put all corporations on an equitable basis of taxable assets.

It has been a busy week among the guessers in regard to future post office arrangement. "A central office is to be located in nearly every part of the town, from two to five offices of the present system are to be abolished, there is to be a free delivery system with ten carriers at each office, etc." We are waiting the thing closely and up-to-date we believe no man knows very much about it even among those who have the matter in charge and are trying to work out the problem.

OUR CEMETERIES.

Nothing in our midst has shown such marked improvement in the last few years as our cemeteries.

All parts of the town have taken up the spirit of improvement and places which were but a short time ago grown over with weeds, thistles and brambles, have been made into beautiful parks.

There has always been a question as to the best form of grading but the following shows the trend of the times and is the best plan.

"The superintendent of Mt. Washington cemetery says that mounds are fast disappearing in the east, and he believes that the cemetery of the future will do away with them entirely. In their stead all graves will be level, and only horizontal slabs of the simplest form will mark the last resting place of the dead."

Many radical arguments are advanced for the adoption of some of the recommended methods. One of them is that it will permit of more artistic care for the graves, which, instead of the incongruous variety which now obtains, will present a uniform and unbroken stretch of green sward. The grass can be trimmed without difficulty and the grounds will be capable of tasteful adornment, which is absolutely impossible under present system."—Kansas City Journal.

Reynolds Relief Corp. No. 102.

Reynolds Relief Corp. No. 102 had as guests at its last meeting in G. A. Hall, East Weymouth, Tuesday evening, Mrs. Gilman, Dept. Aid, and Mrs. Howe, president of the South Braintree Corps, with friends. Supper was served at 6:30 p.m. by the ladies from South Weymouth, who were entertained by the following talent prepared by Mrs. Mary E. Thayer of Nash:

Greeting by President Mrs. Helen C. Cushing; piano duet, Miss Melville and Master Thayer; ring dance, Earle McFarlane (a very small boy); reading, Marguerite Packard; song, Master George Packard; piano solo, Master Thayer; song, Miss Little Packard; piano solo, Miss Melville; song and dance, Marguerite Packard; whistling solo, George Packard; reading, Marguerite Packard; reading, Corinne Montague.

The regular meeting of the Corps will be held in G. A. Hall, East Weymouth, Thursday evening, May 22, at 7:30 p.m. A full attendance is required as there is considerable business to come before this meeting.

I. O. O. F. M. U.

The Fore River Lodge of I. O. O. F. M. U. was installed Monday evening, May 12th, in their new quarters, Weymouth hall, Weymouth. The Harvard Degree staff of Cambridge, Mass., performed the ceremony in a very dignified manner. After the institution of twenty-five charter members, two new members were initiated.

A collation was then served to about one hundred and fifty, including the members of the new lodge and those who came from neighboring lodges.

Remarks were made by several of the grand officers who wished the Fore River Lodge unbound success and prosperity.

The ceremonies closed at the early hour of 1 o'clock a.m., when special cars were waiting to transport those who came from a distance to their respective homes.

BUSY CALIFORNIANS.

San Francisco Preparing for National Biennial Gathering of Knights of Pythias.

Convention Will be the Greatest Ever Held in the United States.

Californians are busy just now preparing for the great National Biennial Gathering of Knights of Pythias that is to be held in San Francisco from August 11 to 20. Preliminary work for the event has been in progress for many months, but was confined to the activity among members of the order and their friends. Only lately the interest of others, outside of the fraternal organization, has been awakened. Never before in the history of California has such activity and energy been manifested to make that convention the greatest that was ever held in any city in the United States.

The people of California realize that it will be impossible for all the visitors who will come to San Francisco at that time to travel to every section of the State, and they have concluded to bring much that is portable to San Francisco, where the 100,000 visitors may be able to see in one day, if they desired. Almost every community in the State, though not large, has a special appropriation to display an exhibit, worthy of its section, in San Francisco during the national gathering of Pythians. To this the lodges have added their contributions, have enlisted the co-operation of their respective granges, and every commercial and industrial organization of their cities, towns and counties, to make an exhibit complete and instructive.

The governor of California, the mayor of San Francisco, the State officials, mayors of every city in the State, superintendents of county, the general commanding the national guard, the members of the department of California, have all accepted appointments on the various committees, and are taking an active interest in the success of the convention. The grand nave of the *fore-depot* will be transformed into a reception room, where visitors upon arrival will be given the first taste of California hospitality. Its fruits and wines will be at the disposal of the guests.

Free excursions to the famous gardens of the valleys surrounding the bay will convey the visitors to any section they may wish to visit. The railroad companies have cheap rates from all points of the Union to San Francisco for the round trip, good from August 1, and for return until September 30, which are without a precedent in transcontinental railway travel. Rates for coast and interior travel have been cut in half for the same period. All reports indicate that a big and jolly crowd of Pythian pilgrims will move across the continent within the next few months.

Wedded Thirty-Six Years.

Monday evening the many friends of Mr. and Mrs. Henry B. Raymond of High street, East Weymouth, tendered them a reception to celebrate the thirty-sixth anniversary of their marriage. Prayer was offered by Rev. J. H. Allen of the M. E. Church, who also in a very beautiful and impressive manner offered Mr. and Mrs. Raymond his congratulations. Short addresses by C. W. Endicott and Leonard Thompson followed.

The entertainment was given by the following talent: Vocal solo, Jessie Haymond, Gladys Burrell, Sidney Bowker; piano solo and duets, Mrs. L. M. Blackwell, Misses Mae Poole, Fannie Haymond, Arthur Bicknell; mandolin solo, Robert Welsh; regaling, Miss Miriam Endicott; an original poem was read by Miss Alma Whiting; vocal duets, Mr. and Mrs. H. B. Raymond. The singers were Miss Lillian Burrell of Weymouth, and Miss Adele Burrell of North Weymouth. The decorations were arranged by the president, Thomas F. Lynch, to the front, with a central address of welcome and a brief review of the past year of Dr. 9, showing a very successful state of affairs both socially and financially.

The gathering was the largest in the history of the order and could the men who crossed the ocean in the forties to work for the Weymouth Iron Co. have been proud of their sons and daughters.

The exercises of the evening opened with an overture from the organ, followed by the president, Thomas F. Lynch, to the front, with a central address of welcome and a brief review of the past year of Dr. 9, showing a very successful state of affairs both socially and financially.

A tenor solo by John W. Hanley was next in order and called for an encore. Rev. Father Allison was introduced as the next speaker and spoke in a feeling manner of the pleasant relation existing between himself and his colleague, Father Lynch, and the order.

A recitation by Mr. Flannigan was next in order and called for an encore. Rev. Father Allison was introduced as the next speaker and spoke in a feeling manner of the pleasant relation existing between himself and his colleague, Father Lynch, and the order.

PROFESSOR HERRON'S FARM
Christian Socialist Will Raise Dicks Not Slave Colony.
Now, we are not surprised. It has been a story to the effect that Professor George D. Herron, the Christian socialist, whose doings have occupied much newspaper space of late, is about to start a socialist colony near Mass. Woods, in the country. He has invited anarchists in his mind's eye, Middlesex county has risen to protest regardless of the fact that Professor Herron has repeatedly and emphatically denied his al

Washington Irving had written the sketch book of "Gulliver's Travels" with its humorously "Bip Van Winkle" and its pathetic "Philip of Pocknocket" also many other books. Prescott in 1837 had written his first work, "Ferdinand and Isabella," and was writing "The Conquest of Mexico." Prescott's books were eagerly awaited and read as they came.

"Hawthorne's "Twice Told Tales" appeared in 1847. "The Pioneers" was written by Washington Irving and Longfellow. What have we to say better?

The newspapers of the thirties were the Boston Traveller, Courier, Atlas,Advertiser, Evening Gazette, Chronicle, Liberator, Post, and New England Farmer—daily and weekly papers.

Last to come in the thirties is, 1839, the First Universalist Church was built—the building committee was Asa T. Wakely, Uri Curtis, Abner C. Hopper, W. W. Wood, and others. The land was bought of Asa Wakely, A. J. Hobart designed and Stephen S. Gay built the church, costing \$6,000. It was dedicated in December 1840.

At a farmers' institute recently a man solemnly arose and said that he had lost his wife. He was given special attention, while he stated that liberal doses of raw linseed oil would not only keep the hog from having cholera, but would cure it after it had got the disease. As soon as he sat down four other men, one after the other arose and said that they had each tried this remedy and that it was not worth a continental. So there you have it.

One of the best farmers we have come across for some time is a tenant farmer, and he has been such for twenty-five years. When he first began renting land, he was very poor and could only eke out a living by working at odd jobs. He did not seem to sense the fact that this land was sure to rapidly advance in value, and he had besides a most unconquerable aversion to running into debt. He has seen the farm upon which he has lived for years grow from \$15 to \$65 per acre, and now that his landlord is advancing his rent the mistake made is very plain to be seen.

CROWS AND CHICKENS. A lively friend who is very successful raiser of poultry told us recently that the worst enemy she had to cope with now in the poultry business was the crow; that the crows had learned to peck out the eyes of the chickens.

It is in connection with his domestic troubles, however, that Professor Herron has been most interesting.

He is the first, by whom he has had four children, recently obtained a divorce on the ground of desertion of the children. A short time ago in the presence of mutual friends Professor Herron and Miss Curtis, a plighted pair, made a most pitiful sight.

Mr. George D. Herron, the second is a young, beautiful and brilliant woman, who is thoroughly wrapped up in her religious schemes of social and religious work.

The mistake made is in trying to do by what is better done by machinery. Handwork can't compete with machine work.

Men not yet hardened to crime, but doing penance for their first offense, acquired the same noticeable shuffle and when they emerged from the prison they were in a far better condition than when they left.

Painters are putting a little zinc in their lead to make it last—lasts a good three years with a little zinc.

But painters don't like the job of mixing zinc. It's a tedious job, and both the zinc is white, nobody knows when the mixing is thorough. It gets half-mixed; and the paint goes on, a streak of lead and a streak of zinc. That is not good work.

The mistake made is in trying to do by what is better done by machinery. Handwork can't compete with machine work.

Devon lead and oil is your paint. It wears twice as long as lead and oil.

This reduces the cost of keeping a house well painted to half.

For setting in a dry soil the plant should be well rooted and stocky, as it must depend on the roots. It already has to make a start.

SHOEMAKER BUTTER. We watched recently with much interest the process used in making what is known on the market as "renewed or process" butter. The raw material is the store butter of the localities where the butter is made, and is cut into small pieces, and with all the aggregated smells of an unrefined and semi-civilized agriculture. This butter is melted and strained, leaving a clear yellow butter, and it is then heated by heat of the sun, and then strained again through it for eight or ten hours. This process removes all odor and leaves it a pure, odorless butter fat. It is then treated with skim milk in much the same manner that the oil is, and is churned and strained, and then melted and palatable butter and sets on its merits about 4 cents a pound under western extra creamery. A factory of this sort sustains the same relation to the dairy interests of the country as the lumber mills do to the log of wood.

It is the same with Professor Herron's intentions regarding the reformation of the world at large, as far as Metuchen is concerned his views are entirely peaceable.

A LAND SURVEYOR'S COMPASS. If you are a land seeker and want to know in a general way where and where not to locate, do this: Take a map of the United States and a ruler and pencil. Divide the one hundred bottom of the map and then draw a straight line north and south with your pencil point to point. No matter what state it passes through it will always be the same line. Now, if you follow this line it is unsafe to buy land exposing to be able to cultivate the soil and raise profitable crops, the uses of such land being in the line of stock raising. The line east of the line in general the land must be farmed in one ordinary manner. Now, like all dead lines, it is best to keep a safe distance from this one. This line is of course not defined as a railway track and because of local influences and conditions it is not safe to follow it. Some good farmland land being found west of it, and some mighty poor soil east of it, but as a sort of general guide it is good for the green land buyer it is a good rule to follow.

THE GAME GOING. The repeating shotgun and rifle, with which the gunners of the country have been made, have been sold out. There will be none to be found in a very few years. The wild plowmen are all gone; only a few prairie chickens are left in Illinois, Missouri, Wisconsin and Iowa. The wild fowls of the duck and game areas are immensely hampered by the time they can fly in August until they return to their northern nesting grounds in April that they have learned to shun all signs of man.

The wild plowmen are all gone; only a few prairie chickens are left in Illinois, Missouri, Wisconsin and Iowa. The gunners who have shot up by syndicates of men who love sport and hunting have been sold out. There will be none to be found in a very few years. Manager and Editor.

REMOVED AT THE POST OFFICE AT WEN-102
MAILS AS SECOND-CLASS MATTER.

FRIDAY, MAY 23, 1902.

Here's to the new Republic Cuba, and
let us hope she will not have as frequent
revolutions as her young sister, Hayti.

The Boston Herald says "All that's now
lacking for a beautiful Handel and
Haydn building is the money to build it." A
little matter like that ought to be
in the way; just mention it to
Carnegie, Rockefeller or Morgan.

Next Friday is Memorial Day no business
will be done at this office, the Gazette
will be issued Thursday afternoon.
All correspondents and advertisers will
please bear this fact in mind and get in
charge of all and other matter on Tues-
day and Wednesday.

Another bill is before the Legislature
for Park reservations in the western part
of the state. We have been exceedingly
liberal in laying worthless mountains and
salt marshes at fabulous prices and the
Legislature should go slow in further
burdening the state with taxes.

Another back for the critics of
Weymouth schools. Fred W. Raymond
of East Weymouth takes the L. T. Hol-
brook prize for an essay on sociology, one
of the most esteemed prizes to be won at
Yale. This with the honor just won by
Luther W. Turner, and the good records
being made by Weymouth High graduates,
ought to establish the fact that we have
an excellent course of education.

We join the public in mourning
the loss caused by the removal of
William Dyer. As a personal friend we
shall miss him and as a writer for the
Gazette we know of no one to fill his
place. As an extensive traveller and a
keen observer of men and customs of
different places, his contributions to these
columns have been of special interest and
will be missed.

A physician is responsible for the as-
sertion that nine per cent of the anony-
mous abusive letter writing is done by
women.—Ex.

That physician never had anything to
do with publishing a newspaper, and we feel
called upon to come to the front in defense of women. We have a small load
of that kind of letters (unpublished) and
never saw but one which was written by
a woman.

We learn from the Duxbury Transcript
that Louis A. Cook (formerly of Wey-
mouth) but now of Duxbury is a candidate
for Congress in the new 12th district.
Up to this time we had supposed that the
veteran moderator of our Town meeting
was still a citizen of Weymouth. Speak-
ing, however, of the congressional nomi-
nation, the Hyde Park Gazette says that
"Samuel L. Powers will succeed himself
as he is now only on his first term and
doing a good work." Mr. Cook's name
will be in order to succeed Mr. Powers
fater on."

Massachusetts is as good a state to be
born in as is in the country. And when
we narrow places of birth down to
towns Weymouth is one of the best
in the state. Many years ago we
selected Weymouth as our landing place
and have been sorry of our choice.
What we want now is to have boys and
girls we used to play with and who have
gone out from among us come
back and see us. The last week in July
is "Old Home Week" and it is none too
early to choose a committee of arrangements
and correspondence to have a grand
home coming and reunion.

SECOND UNIVERSALIST CHURCH.

Concert for Benefit of Choir Fund.

An evening of great interest was spent
by all who attended the concert given at
the Second Universalist Church, South
Weymouth, on Tuesday evening, May 20. Every
number of the program was carefully
selected and finely rendered, evoking
the merited applause of the audience.
The following artists appeared: Miss
Isabel C. Melville, contralto; Charles S.
Hill, 1st tenor; Charles T. Foster, 2nd
tenor; Ernest Stetson, baritone; Stephen
S. Pratt, bass; Arthur E. Harris, violin;
Miss Anna Cady, organ; Mrs. L. W.
Atwood, accompanist.

Frederick Reed Dead.
After a long and painful illness Freder-
ick Reed passed away at his home at
Melrose Highlands last Saturday. Mr.
Reed was the last of a family of seven
and daughters of Dr. and Mrs. Cynthia (Frost)
Reed, who were born in East Weymouth
nearly sixty years ago. More than
fifty years of his life were spent at the
place of his birth and among the scenes
of his childhood and since arriving at the
age of manhood he was actively engaged
in business pursuit largely as a boot and
shoe manufacturer.

Twelve years ago he moved to Melrose
still pursuing an active business life until
stricken down with the disease which
proved fatal.

Forty years ago Mr. Reed was united
in marriage to Abby Dyer of Hingham
and for those years has been strongly
attached to his home life, however long
he may have been in other directions.

He leaves the companion of forty years,
a daughter, Mrs. Fred Knibb, and two
sons, Charles and Fred. The remains
were brought to the Old North cemetery
on Monday and interred in the family lot.
Rev. J. G. Taylor of Melrose Highlands
pronounced a beautiful eulogy and
offering prayer at the grave.

Firemen's Relief Association.

The annual meeting of the Weymouth
Firemen's Relief Association for the
choice of officers and transaction of other
business will be held at the Engine house,
Ward 2, next Tuesday evening.

"DIXIE."

"Twixt Love and Duty" Presented Under
Auspices of Jonas Perkins School As-
sociation.

The Jonas Perkins School Association
closed its dramatic season Wednesday
evening with the three-act drama en-
titled "Dixie" or "Twixt Love and
Duty" was presented in a clever and
artistic manner. The members of this
association have placed themselves in
the position of all the surrounding
schools and have gained a reputation
which places the Jonas Perkins Dramatic
Company among the leaders of dramatic
art, and the play produced on Wednesday
evening proved as successful both
socially and financially, as have its pre-
decessors. The cast was as follows:

Mr. Asa Tompkins, a prosperous farmer
who hates deceit; David G. Doane,
Dixie, the hired man, one of nature's
noblemen; Lyman C. Williams, John
Remington, a boy who longs to have
Louise, Charles Q. Davis, Jerry, a
young country lad; Fred, Tarbox,
Louise, the daughter whom Mr. Tompkins
believes to be his own; Mrs. Burton L.
Baker, the only child born to Mr.
and Mrs. Tompkins; Miss Isidore Ratcliffe,
Hattie, a niece of Mr. Tompkins; Miss
Kathryn Hahn, Mrs. Sarah Tompkins, a
woman with a secret which embitters her,
Mrs. B. J. Dering.

Each member of the cast assumed his
respective role in a highly commendable
manner and every character was intel-
ligently portrayed.

During the acts the organ's orchestra ren-
dered appropriate music through the
pathetic lines, and also kept the audience
in good spirits during the intervals clapping
between the several acts.

Memorial Day in the Schools.

Memorial Day exercises at the various
schools will be held at 2 o'clock on Thurs-
day afternoon. Members of the G. A. R.
will be present and take part in the
exercises. The townpeople are urged to attend.

Ladies' Aid Society.

James L. Bates Ladies' Aid Society No.
21, has accepted the invitation of Rev. J.
H. Allen to attend a memorial service at
the Methodist Episcopal Church, East
Weymouth, Sunday, May 25th at 2:30 p.
m. A large attendance is desired. Sis-
ters please wear white gloves and badges.

PEOPLE'S COLUMN

The column under this title will be given to those who desire to have their names and addresses published, the management of the paper distinctly disclaiming all responsibility for the opinions here expressed.

Mr. Editor: NOTICE.

"The riding of bicycles on the sidewalks of the town of Weymouth is hereby forbidden."

All police officers and constables of the town of Weymouth are hereby required to enforce the foregoing provisions."

Per order of the

SELECTMEN OF WEYMOUTH.

Now Mr. Editor we good people of Ward 4 and 5 would like to know why that order is not enforced. There is as much ballyhoo riding on our sidewalks as ever there was.

What are our officers for if not to look

after the violators of the law?

Perhaps they are like the man that adver-

tised for work. Said if anyone had

any potatoes to dig to bring them on.

Observe the

last song was very prettily sung. Those who took part were Barbara Riles, Frieda Riles, Florence Nash, Vera Goodwin, Gerle and Little Whitehouse, Isabelle Cummings, Bessie Record, Bertha Nash, and last but not least, little Hattie Walker.
